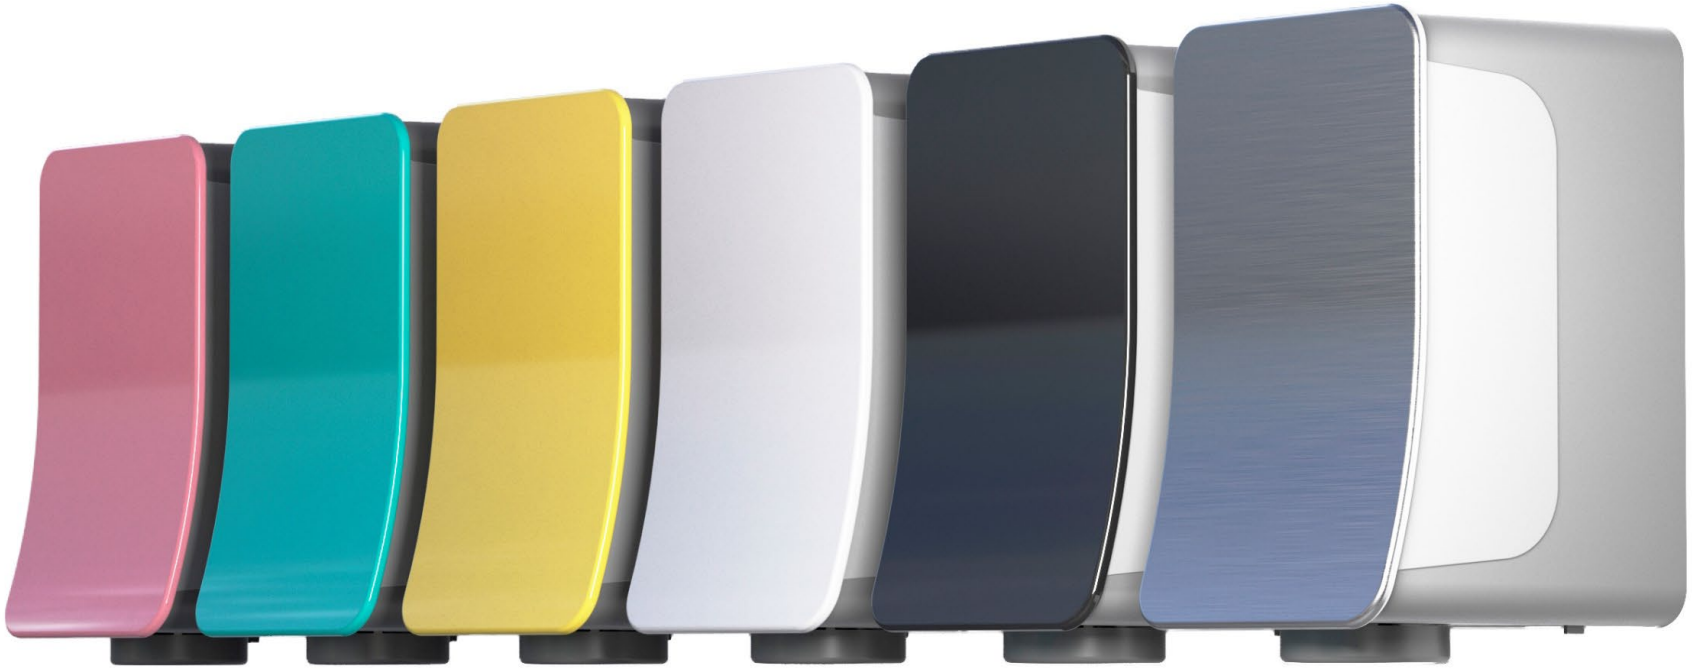
Fusion

“A LITTLE WONDER”

Fusion



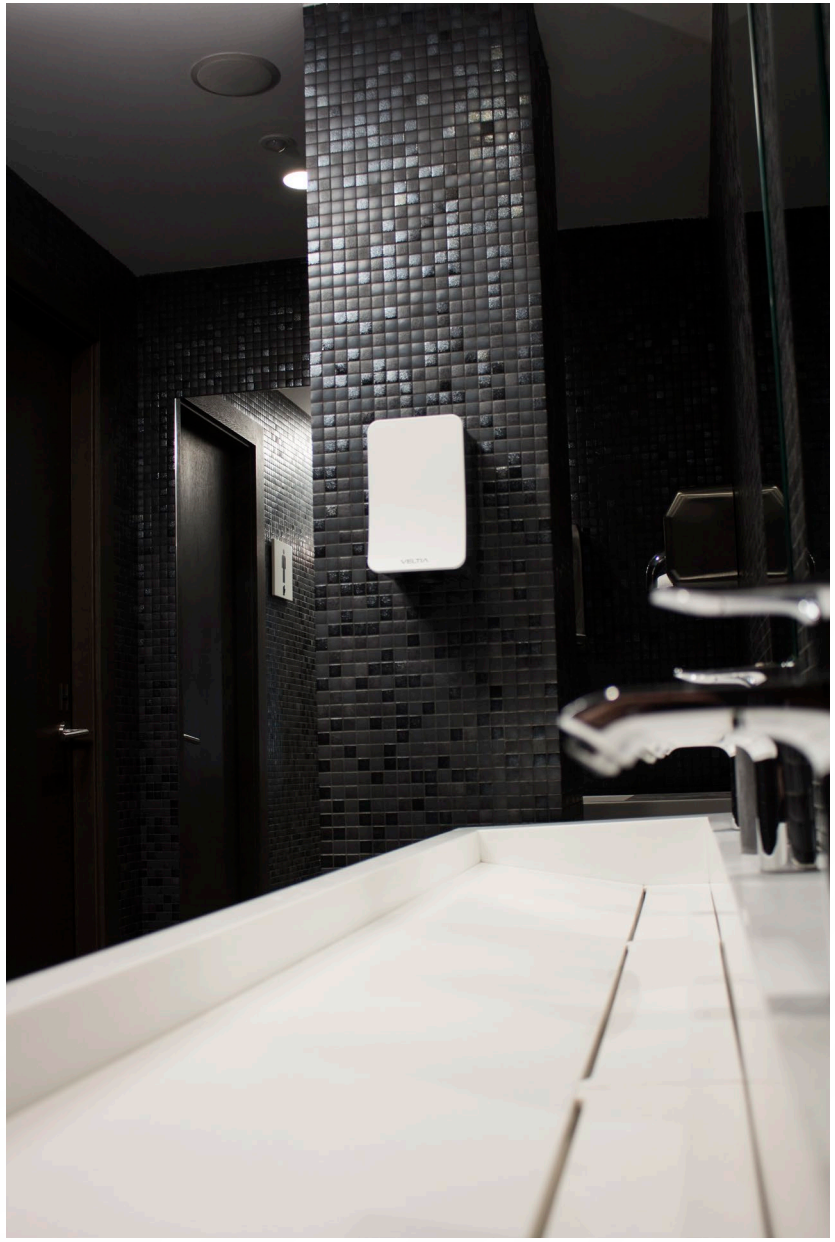
You have never seen such a beauty.

VFusion, the newest hand dryer in the market,

being the smallest, the fastest,

most powerful and elegant ever.

VFusion in restrooms



Hotel rooms

TECHNICAL CHARACTERISTICS

- Size: 165*154*278mm
- Weight: < 3Kg
- Life: 300.000 cycles
- Voltage: 700/900 Watt
- Motor: Long Lasting Brush Motor

- VFusion → eco-friendly, always respecting the environment.

- Two options to configure the motor:
  - **TURBO**: 900 watts. 3,80 Amps
  - **ECO**: 700 watts. 2,70 Amps

That’s not all!

Even the Outlet Air can be chosen by you.

BLADE – gap in the middle
of the nozzle

MULTI-JET – multiple holes
at the nozzle:
designed to avoid loud noise
caused by the air outflow

- Two Outlet Air nozzles **patented with the ADS System** (Acoustic Dampening System)
- Limiting the sound level to maintain a silent environment.
- First hand dryer in history that **can be installed in a hotel room**.
- Smoothly sound
- No annoyance
- And sleep tight

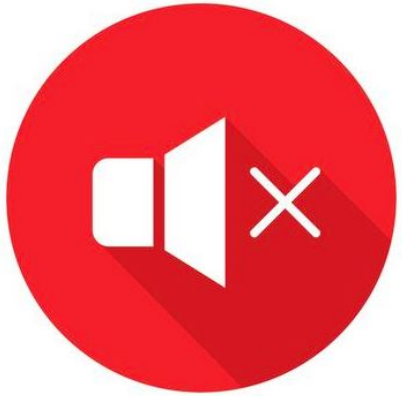
IN HOTEL ROOMS: 2 purposes

Drying hands

As quite as a hair dryer

Hair dryer

✓ ECO-FRIENDLY



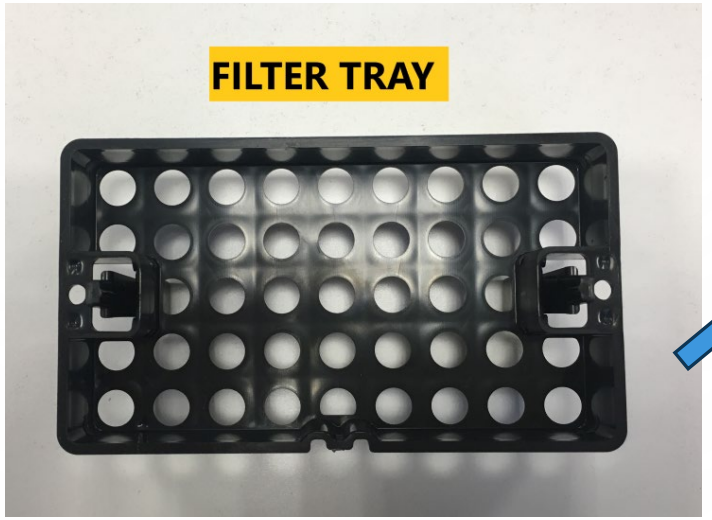
✓ SILENT

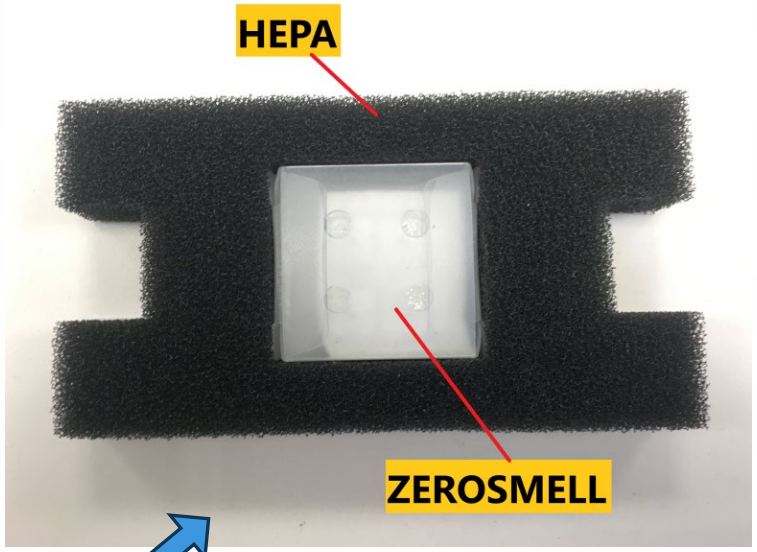
✓ LOW-POWERED

REMOVABLE TRAY

For an easy maintenance – HEPA Filter and ZeroSmell, a gel with a fragrance to make the smell more pleasant.

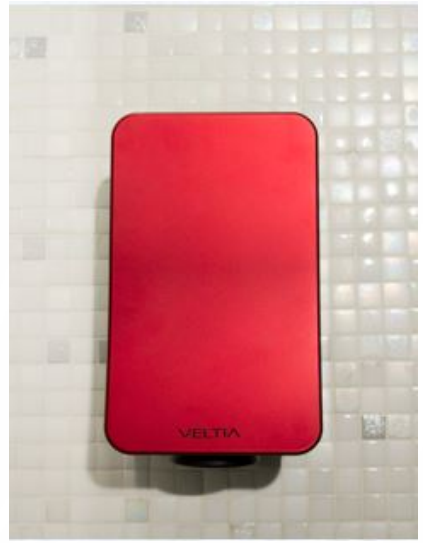
Both changeable every 90 days.





In each color, for each space, for each occasion:

changeable front covers



VFusion available now.

The revolution of the hand dryers

has arrived!
